The following table lists those East German enterprises which produce medical and pharmaceutical products and equipment. According to preliminary plans established by the East German Ministry of Health, these plants are to produce in 1954 medical and pharmaceutical supplies and equipment as indicated below in terms of DM. This preliminary plan is subject to changes before it receives the ultimate approval of the State Planning Commission. The names in parentheses are the former names of the enterprises.

<u>Firm</u>	<u>1954 Production in DM</u>
